This a particular pattern of layout where in the defensive structures like wizard towers and archers towers are fixed in their positions in the design accordingly. The dark elixir storage is placed close to the town hall so before attackers go for town hall he needs to take down the high point dark elixir storage first which takes a considerable amount of time. In the mean time, the surrounded defensive takes down the enemy troops. If you look at the bottom hand side the first inner compartment is huge make the troops go way around rather than entering into the village. th10 base with bomb tower link We Need Non Rushed Excellent Attackers of TH13 & TH14 for Clan War League(Master League), Clan Tag: #PURG08YG.
