Custom attacks guide Known Issues Heart hitbox is probably not accurate. On the sans_platforms4 and sans_platforms4hard attacks, the platform is supposed to accelerate from 0 to its full speed, but I was lazy and started it at full speed immediately. This is only a problem if you try to dodge the bones without jumping. Sans dialog is missing. I may add something at some future date, but I have no intention of putting the original text in, as it really only makes sense in the context of the whole game.
